## MECHANISMS OF RECEPTOR REGULATION

[DOWNLOAD](#)

Book Condition: New. Publisher/Verlag: Springer, Berlin | It is less than 80 years since John Newport Langley first proposed the role of "receptive substances" as the site of drug action from his observations on the effects of nicotine and curare at the myoneural junction. The many advances in our understanding of receptor biology that have occurred during the intervening period mirror the extraordinary growth of knowledge in the biological sciences and in cell and molecular biology in particular. Receptor biology, in common with many other topics in contemporary biology, is on the threshold of a transition from being a descriptive, phenomenological discipline to one in which underlying mechanisms and regulatory principles can be defined with increasing precision. This change, together with the evolution of powerful analytical techniques and timely convergence of ideas from a number of previously separate fields of inquiry, is generating an increasingly unified theoretical and experimental framework for the study of receptor function. These themes, and the mood of anticipation that a real understanding of receptor function in health and disease is emerging, are reflected in this volume, which summarizes the proceedings of the Second papers and Smith Kline & French Research Symposium on New Horizons in Therapeutics held in Philadelphia in 1984. | '1 Receptor Regulation: Problems and Perspectives.- 1. Introduction.- 2. Receptor Regulation.- 3. Insulin Receptor Studies.- 4. Conclusion.- References.- 2 Patterns in Receptor Behavior and Function.- 1. Introduction.- 2. Class I Receptors.- 3. Class II Receptors.- 4. Recycling and the Endosome.- 5. Role of the Endosome in Regulating Cell Surface Area.- References.- 3 The Membrane Receptors of Epidermal Growth Factor: Structural and Functional Studies.- 1. Introduction.- 2. Results.- 2.1. Purification of EGF Receptor by Immunoaffinity Chromatography.- 2.2. Structural Domains on EGF Receptor: Analysis with Immunologic Probes.- 3. Discussion.- 4. Concluding...
