## L IS FOR LEADER: A JOURNEY INTO EFFECTIVE LEADERSHIP

Trafford Publishing, Canada, 2006. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In this book you will find examples from some of the best leadership activities and behaviors observed firsthand in the working world. Some of the best examples have come from small, privately run companies with a handful of employees while others come from multi-national organizations with thousands of employees worldwide. Some are from the retail world, from manufacturing, heavy industrial operations, the service sector, not-for-profit agencies and even Mom and Pop operations. There are leadership styles from within Canada, the United States and the United Kingdom. Leaders behaviors and personal styles vary from private, public and not-for -profit businesses and these different styles and approaches provide valuable lessons for leaders everywhere. Some of the people you will find in these pages have a fresh-faced enthusiasm, an energy and passion fresh from college or university while others wear a time worn expression that speaks of experience, results, changes and maturity. There are examples of leaders who continue to look for ways to improve their own working style; they strive to develop the people around them, and seem to constantly be considering ways to make yet another contribution, to apply a new approach, to leave a legacy, to know they have made a difference. As you leaf through the pages you may recognize your own style in some of the activities, while some examples may trigger you to think of alternative approaches; places where you can make adjustments. For some of you there will be gentle reminders to go back to some the things you once did so passionately but have since forgotten. For others there will be a fresh new concept on every page. My hope is that this book...
