Reviews

Completely among the best pdf I actually have possibly read through. It is probably the most awesome pdf we have read. You wont really feel monotony at whenever you want of your time (that's what catalogs are for about in the event you ask me).

(Prof. Martine Lesch)

BLEEDING EDGE

Penguin Books. Paperback. Book Condition: New. Paperback. 496 pages. Dimensions: 8.5in. x 5.5in. x 1.0in. The Washington Post Brilliantly written a joy to read Bleeding Edge is totally gonzo, totally wonderful. It really is good to have Thomas Pynchon around, doing what he does best. (Michael Dirda) It is 2001 in New York City, in the lull between the collapse of the dot-com boom and the terrible events of September 11th. Silicon Alley is a ghost town, Web 1.0 is having adolescent angst, Google has yet to IPO, Microsoft is still considered the Evil Empire. There may not be quite as much money around as there was at the height of the tech bubble, but there's no shortage of swindlers looking to grab a piece of what's left. Maxine Tarnow is running a nice little fraud investigation business on the Upper West Side, chasing down different kinds of small-scale con artists. She used to be legally certified but her license got pulled a while back, which has actually turned out to be a blessing because now she can follow her own code of ethics: carry a Beretta, do business with sleazebags, hack into people's bank accounts without having too much guilt about any of it. Otherwise, just your average working mom: two boys in elementary school, an off-and-on situation with her sort of semi-ex-husband Horst, life as normal as it ever gets in the neighborhood till Maxine starts looking into the finances of a computer-security firm and its billionaire geek CEO, whereupon things begin rapidly to jam onto the subway and head downtown. She soon finds herself mixed up with a drug runner in an art deco motorboat, a professional nose obsessed with Hitler's aftershave, a neoliberal enforcer with footwear issues, plus elements of the Russian mob and various bloggers, hackers, code monkeys, and...
