ANOCI-ASSOCIATION (CLASSIC REPRINT)

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Anoci-Association This volume contains in Part I a statement of the Kinetic Theory of Shock and the principle of Anoci-association and a summary of a long series of experiments in part published by one of us (G. W. C.) in the following monographs: Surgical Shock, Surgery of the Respiratory System, Problems Relating to Surgical Operations, The Blood-Pressure in Surgery, and Hemorrhage and Transfusion: and in part to be published later in other monographs. In Part II the application of the Kinetic Theory to the technique of surgical operations is described. Our purpose is the most practical presentation possible of the technique of anoci-association, although it is recognized that each operator who accepts the fundamental principles will work out their practical applications according to his own personal equation and to the surgical environment in which he works. Grateful acknowledgment is made of the valuable services rendered by Dr. J. B. Austin, who undertook the histologic studies; by Dr. F. W. Hitchings and Dr. H. G. Sloan, for the physiologic experiments undertaken by them; and by Dr. M. L. Menten, for her physico-chemical researches. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical...
