

## Coral: The Next Twist of Fate

By Andy Ross

Createspace, United States, 2013. Paperback. Book Condition: New. 196 x 128 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.World history is the greatest story ever told. It starts with the gods and ends here and now, with us. We all want to know what happens next. Looking back we see a rich tapestry of good and bad actors - Buddhists, Jews, Christians, Muslims, Communists, Nazis, and the heroes of Apollo. It is truly a tale of triumphs and tragedies. Spiral dynamics is a color scheme for understanding history by tracing the evolution of complexity from humble origins. How we rose from surviving as naked apes to living as smart nodes in a globalized ecosystem is a story well worth telling in color. The tale has an amazing twist in the next chapter - the coral step in the spiral.
