In doing so, it was a major aim to analyse political instruments within the EU, used to accesses various fields of environmental problems. Congruously in this Policy Paper, a specific instrument of EU Environmental Policy is chosen to be analysed and finally evaluated by its performances and capabilities as operational policy instrument. In the course of the seminar, the preservative subject area of Climate Policy has crystallised as an emerged and large-scaled subject to EU Environmental Policy. EU Climate Policy contacts nearly every field in European environmental adoption. Facing the latest scientific prognoses and reviewing European as well as common global environmental activity - the abatement of Climate Change appears to be one of the most superordinated aims. Hence, this policy topic especially defies...
