

The Nature of Horses

By Stephen Budiansky

Free Press. Paperback. Book Condition: New. Paperback. 304 pages. Dimensions: 9.2in. x 7.3in. x 0.9in. Horses have a shared history with man going back millennia to their domestication around 4000 B. C. Yet only in very recent years have scientists begun to turn the tools of modern science on this remarkable animal that has been so wrapped up in human dreams and legends. Now modern scientific research is beginning to explain long-standing mysteries about the true nature of the horse. How well can horses really see? What causes breakdowns in racehorses? How intelligent are they compared to other animals, and are some breeds smarter than others? Does nature or nurture matter more in creating a great sport horse? What causes cribbing and other vices? In this beautifully illustrated, compelling narrative, Budiansky tells the story of the origins, behavior, intelligence and language of the horse. For the first time, horse lovers will have access to cutting-edge research on topics of interest including new information on horse vision, horse biology and movement. Introducing the latest archeological findings, Budiansky presents a fascinating discussion of how the horse evolved as well as a dramatic and provocative history of man's use and abuse of the horse...
